Price Thompson is very ill with pneumonia at Prescott.

A number of claims over in the Union Pass country were relocated New Year's day.

J. C. Noble, who is mining over in the Cerbat section, was in Kingman a few days ago.

Hon. J. E. Perry and wife have gone to Phenix, where they will reside the next sixty days.

J. N. Cohenour is very ill at his home in Gold Road. It is said that typhoid fever is the cause.

Walton Lackey, of Mineral Park, has gone to Phenix, where he will act as private secretary to Hon. P. F. Collins.

S. E. Alger, of Chloride, was wedded to a California lady last Monday evening. The couple will make their home in Chloride.

The following letters remain uncalled for at the Kingman postoffice: Pat Driscoll 2, C. M. Lendon, Rev. Emil H. Melapeth 13.

B. S. Osborne, operating mines on the Bill Williams Fork, for a new mining company, is getting splendid ore. The ores of that section carry excellent values in gold and copper.

Superintendent Jennings, of the Southern Nevada mining company, is having a group of claims at Eldorado Canyon surveyed for patent. The mines surround the rich properties of Joseph Wharton.

J. H. Brook returned to Kingman Wednesday afternoon after a visit to the Katherine and other mines of the New Comstock group. He is much pleased with the appearance of the properties.

Rev. Ayres has gone to the Gold Road camp to hold services Sunday and Judge W. G. Blakely will hold services in the M. E. church tomorrow evening at 7 o'clock. A general invitation is given.

T. R. Garnier came in from Los Angeles last night and today he purchased the Kicker and Knocker mining claims at Cerbat, from T. C. Lake. The mines are extensions of the St. Louis mine, which was recently purchased from John Barry.

The Mack mines, near Parker, now operated by Ben Blanchard and a company, are proving to be wonderfully rich in gold and copper. The shaft on the vein has reached a depth of about one hundred feet below the old works and the ore found there is very rich.

Deputy Sheriff Gideon has gone to Phenix with a prisoner who was to appear before Judge Sloan on the 12th on habeas corpus proceedings instituted by attorney F. W. Morrison. The man had been held on a charge of assaulting a negro porter with a shotgun, at Topock, some weeks ago.

In the drifts on the Homestake mine, on the Maguire group, four miles south of Kingman, small stringers of rock running hundreds of dollars to the ton in gold are being cut. The ore body is quite large and of a high milling grade.

The two year-old child of Mr. and Mrs. George A. Bonelli died last Saturday night, after a short illness. The funeral was held from the residence on Pine street Sunday afternoon and was attended by a large number of the friends and acquaintances of the bereaved parents.

C. W. Whitney, of the Lantry-Sharp company, was down from Crozier canyon yesterday on business. He reports that there are ninety men at work for the company at present, but that this number will be greatly increased within the next few months. The company has contracts that it will take a year to complete.

Probate Judge Metcalfe has just made an apportionment of 3,500\$ among the twelve school districts of the county. This completes the apportionment to all schools where the attendance is less than twenty. The balance of school tax will now go to the schools having a greater attendance than twenty-five.

From all over the county comes complaints of petty thievery through the mining camps. Provisions, tools, cooking utensils, and in fact everything movable has been stolen. It is time to put a stop to this class of larcenists and if caught they will be made an example of.

Orders were received from New York a few days ago to start up work on the Golden Gem mine, which has been comparatively idle the past two or three months. The main shaft on the property will be sunk to a depth of at least five hundred feet at once and levels run through the ore bodies.

Sheriff Brown returned last night from El Paso, having in custody Jose Sigala, the murderer of Kate Burkhardt. Sigala was indicted for the crime at the last term of the district court. He takes his arrest quite nonchalantly, being under the impression that his story of the killing will be favorably received at the trial.

The body of Johnny Shipp, a Walla pal cowboy was found in the valley below Hackberry, a few days ago. The Indian was last seen with two white men and the impression is that the men killed him and left the body where it was found. The Indians are very much excited over the death of their tribesman.

Charles Gracey is in Kingman from Eldorado canyon. He is assembling a large team for the purpose of hauling supplies to his mines and will leave with his first load sometime next week. While here Mr. Gracey met his sister, Mrs. J. E. Naylor, of Pasadena, whom he had not seen in many years. Mrs. Naylor will go to Eldorado Canyon, where she will visit for a month or more.

All sorts of rumors are rife regarding the sale and repair of the Arizona & Utah railroad. A rumor was in circulation this week that the Santa Fe had taken over the road and would repair and operate it in connection with the main line. If this is true it will be a good thing for the people residing up the range, as it will mean through rates to and from the mines. Heretofore the rate on ores was almost the same as the wagon rate, which made the shipping of very low grade ore almost prohibitory.

The new board of councilmen of the city of Tucson met on the 2d instant and passed an ordinance fixing gambling licenses. It provides for the payment of 250\$ per month in advance, for each banking game, with a fine and imprisonment for conducting any game without license. It also provides that gambling shall not be conducted in a saloon, next door thereto or that free drinks shall be dispensed where gambling is carried on; that gambling be not permitted nearer to any house than 150 feet. Players are subject to fine and imprisonment like those conducting games.—Tucson Citizen.

Word comes from Chicago that Swift & Co. earned 12 per cent. net on their 35,000,000\$ of capital in 1904, according to the financial statement issued at the annual meeting a few days ago. The same percentage of earnings was shown on 25,000,000\$ of stock in the preceding year. The last year after the payment of the usual 7 per cent in dividends.

**Card of Thanks.**

I wish to thank the many kind friends for their assistance during the late illness and death of my husband. MRS. WILLIAM HEIMROD. Chloride, Jan. 12, 1905.

Among the Christmas gifts that will not be sent back for exchange are the 4,877,829\$ sent in money orders to Europe in the month of December up to the 24th. These were Christmas gifts to the "old folks at home" from our recently arrived immigrants whose pitiable poverty we are striving so hard to alleviate.

It is now certain that the eastern part of Mexico, near Chihuahua, is soon to be thoroughly prospected for oil and that W. R. Hearst is to be the moving spirit.—Tombstone Prospector.

From appearances, it is likely that Congress at its next session will exempt the Pueblo Indians of New Mexico from taxation, for at least twenty-five years.

In Switzerland children's fares on the railroad are regulated by height instead of age, and a machine for registering height is found in every ticket office.

**Resolutions Upon the Death of Our Late Brother, Wm. Heimrod.**

We, the committee appointed to draft resolutions upon the death of our late Brother William Heimrod, have adopted the following:

Whereas, it has pleased Almighty God to withdraw from our midst Brother William Heimrod, who for six years has been a member in good standing of Flagstaff Lodge Number 7, Free and Accepted Masons, and whose association with us has always been of the pleasantest and most harmonious kind; whose public work in the community in which he lived has been faithfully and impartially discharged; whose relation with his fellow citizens have been of the most cordial and congenial type, and whose friendship for his business partner amidst their trials and losses was of the most generous and self sacrificing kind.

Therefore, be it resolved, that Flagstaff Lodge Number 7, Free and Accepted Masons, hereby express its deep and lasting sorrow at the loss of our faithful and beloved Brother, and its profound sympathy with the family, relatives and friends of Brother Heimrod in their great loss, and that a copy of these Resolutions be entered upon the regular minutes of our Lodge, and a copy thereof sent to his family and a copy published in the Kingman newspaper.

George W. Webb, in charge of the U. S. Irrigation office in this city, returned this morning from Yuma, where he was instrumental in the capture of a bunch of thirteen Chinamen who were snugly sequestered in the interior of a sealed box-car, bound from El Paso to California. The chinks were taken before U. S. Commissioner Maley, of Yuma, who sentenced the lot to deportation. There are now twenty-three in the Yuma jail, including this last lot, and they will be taken west in the next few days. They were well provided with gallon canteens of water and food in abundance, and the style of traveling, coming as it does on the heels of the story of the chink who tried the same game near Detroit the other day, and was found frozen to death in a car, suggests that this mode is being worked pretty extensively.—Tucson Citizen.

The Second Annual Convention of the Arizona Cattle Growers Association is called to meet in Phenix, Ariz., Jan. 25th, 26th, 1905. The attendance of all engaged in the raising or growing of cattle is earnestly requested. There are matters of importance and of interest regarding the cattle industry to be brought before the convention and the larger the attendance, the more beneficial the result of the deliberations and the consequent action. All the railroads will give 1½ fare for the round trip from all points in the territory. Each purchaser of a ticket must secure a receipt for same of the regular convention form and before leaving Phenix present the receipts to the Secretary for endorsement, and such receipts will entitle the holder to return tickets at ½ regular fare, making the round trip cost 1½ regular fare.

The papers in the mining deal referred to a day or two ago were drawn up yesterday, by which W. G. Rice and associates take over two groups of claims adjoining the Chiricahua Development company's property in the range of that name. Ulrich Rieder owns one of the groups, comprising 11 claims, and the remaining 11 are owned by P. L. Smith and three associates. The property was bonded to Mr. Rice and his friends for the sum of 150,000\$, and as soon as the necessary machinery can be purchased in the east, work will commence on a large scale. The claims are in what is known as the California district, and contain on the surface an iron capped vein running the full length of the entire group.—Tucson Citizen.

Exceptionally fine ore is coming from the stope now being run from the 100-ft. level of the searchlight mine. On the 220-ft. level there is still over 400 tons of ore broken and ready for the mill. The company now has an assayer regularly employed.—Searchlight.

Major W. A. Mensch returned the first of the week from Los Angeles, where he has been under the care of a physician the past two weeks. He has not yet fully recovered.

A late Washington dispatch says: The interior department has decided to allow the grazing of 125,000 head of sheep and goats and 25,000 head of cattle and horses on the Gila Forest Reserve for the season of 1905 in Arizona. This is a big concession to the cattle men. Not over 10,000 head of sheep or goats nor more than 700 head of cattle and horses will be allowed one person.

A well informed Missouri paper gives this sure receipt for raising a boy for the penitentiary: When he does not want to go to school, let him loaf; when he gets into mischief and your neighbor reports it to you, curse your neighbor in the presence of your boy. When he gets a little larger and purloins something of value and you find it out just laugh at him and let it go. When he gets into the justice court and is found guilty, pay the fine, curse the jury and every one connected with the matter and pity the boy, and you will soon have a splendid candidate for the pen.

Rev. Carlisle P. B. Martin, L.L.D.

Of Waverly, Texas, writes: "Of a morning, when first arising, I often find a troublesome collection of phlegm, which produces a cough and is very hard to dislodge; but a small quantity of Ballard's Horehound Syrup will at once dislodge it, and the trouble is over. I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons needing a medicine for throat or lung trouble." 25c, 50c and 1\$. Sold by H. H. Watkins.

J. E. Perry,

vs.

T. E. Carey.

By virtue of an execution issued out of the District Court of the County of Mohave of the Territory of Arizona, wherein J. E. Perry is plaintiff and T. E. Carey is defendant, upon a judgment rendered the 12th day of January, 1905, in the Justice Court of Kingman precinct, and duly filed and recorded in said District Court, for the sum of One Hundred Sixteen and 50-100 dollars, United States gold coin, besides cost and interest, I have this day levied upon all the right, title, claim, and interest of said defendant, T. E. Carey, of, in and to the following described real estate to-wit:

All the right, title and interest of the said T. E. Carey, of, in and to those certain lode mining claims, located and situated in the Pilgrim Mining District, County of Mohave, Territory of Arizona, and more particularly known and described as follows, to-wit: The Azalia lode mining claim, recorded in book V, at page 6; Bluebird lode mining claim, recorded in book V, at page 5; Big Storm, lode mining claim, recorded in book V, at page 7; Cave No. 1, lode mining claim, recorded in book U, at page 574; Cave No. 2, lode mining claim, recorded in book U, at page 575; Cave No. 3, lode mining claim, recorded in book V, at page 8; Grizzly Bare, lode mining claim, recorded in book V, at page 9; Red Cloud, lode mining claim, recorded in book U, at page 573; Beach Hawk, lode mining claim, recorded in book U, at page 576; Black Rief, lode mining claim, recorded in book V, at page 10; Dazy, lode mining claim, recorded in book V, at page 11;

Of the mining records in the office of the County Recorder of the said County of Mohave, Territory of Arizona, and the said records and each of said location notices are hereby referred to and made a part hereof for a more full and perfect description of the said premises and the interest of said defendant in the said above named mines and mining claims:

Public notice is hereby given that I will, on Monday, the 6th day of February, 1905, at 2 o'clock p. m., of said day, in front of the Court House door of the County of Mohave, sell at public auction for United States gold coin, all the right, title, claim and interest of said defendant, T. E. Carey, of, in and to the above described property, or so much thereof as may be necessary to raise sufficient to satisfy said judgment, with interest and costs, etc., to the highest and best bidder.

WALTER BROWN,  
 Sheriff of Mohave County.
